SPICY DEBATE IN THE HOUSE.

WASHINGTON, June 22.—General Butler and General Farnsworth met in battle array in the House this afternoon, and the occasion was one of rare interest and excitement. Probably no other scene of personalities was ever allowed more limit in this body or produced more unparliamentary language. The basis in itself was insignificant, being the question of passing a private patent pistol bill for the relief of one Rollin White over the President's veto. While Butler was advocating the passage of the bill Farnsworth interjected a charge into the speech that produced a positive sensation, by declaring that Butler had been employed as counsel for the opponents of White, but had turned around to represent the latter before Congress for a fee of two thousand dollars. He exhibited a certified copy of documents on file in the Patent Office to show that General Butler had received this sum. To this General Farnsworth added that General Butler had filed a small brief in the Supreme Court where a suit over the case was pending, as a mere pretense to cover the receipt of so large a fee for work to be done really in Congress.—"I therefore charge him," said Farnsworth, with vehement voice and gesture, "with being on both sides of this case; on one side without a fee, and then on the other side of the case with a fee." By this time the whole House was on its feet. The entire democratic side came into the central aisle to see what would follow next. Mr. Farnsworth had the rule read that no member should vote on a subject in which he was interested. An attempt to shut off debate and thus end the scene failed and Mr. Butler got the floor in reply. Mr. Farnsworth sought an interruption. Mr. Butler excitedly said: "I don't yield to a man who has got more bread than brains," alluding to the farmer's long iron gray beard—Mr. Farnsworth shouted out, "The member may curse my beard but he *shall not come into the House and steal under the shadow of it.* This was received with shouts of 'order' from the republicans, and cries of "good good," and nods of approval from the democrats. But Mr. Butler went on with his reply, charging Mr. Farnsworth with having made an infamous and maliciously false statement and adding that he acted in the first instance against the White patent for some of his constituents, but that he was not called into the case professionally until White came to him and said his counsel was ill and asked Mr. Butler to take his place in the Supreme Court in the pending case. He did this by preparing the brief, which, he said took him a month, and for which he received the sum named, but that he never argued the case in court, because the counsel first employed was then able to go on himself. After disclaiming any interest in it in violation of the law and his position as a member, as Mr. Farnsworth had charged, he concluded by saying that he who had dealt this blow, without notice, and when he (Mr. Butler) was unprepared, was a coward, an assassin. Down came the Speaker's gavel with a fearful blow. But the Speaker said nothing. The whole House looked first at the Speaker, then at Farnsworth, who was in his seat, and then at Gen. Butler.

The gavel's fall was succeeded by no call to order. "Is it a message from the Senate?" inquired Butler. The Speaker was now as silent as his gavel. It was evident that this was not the usual signal announcing a message from the Senate, but an uncompleted call to order. Butler pushed ahead with a repetition of his charge. "I take it," said he," and I reiterate it, that it is a principle of ethics that no one here will dispute, that he who deals a blow on one that is unprepared for it, and has no notice of it, is an assassin and a coward; and I venture that it is an assertion that even the Speaker's gavel will not interrupt" Butler then sat down full of passion and excitement. Members were requested to take their seats, and order was restored. After a little more debate the vote was taken but so general was the feeling against Butler, who had at first advocated the bill, when he knew he was interested in it, that he only got twelve votes, the measure being rejected by more than a hundred majority.

A PNEUMATIC TUBE FOUR HUNDRED MILES LONG.

The following extract describes the operation of a pneumatic tube between Glasgow and London. Probably few of our readers are aware of the existence of the process by which messages and packages are almost instantaneously transmitted between these two cities. I had occasion to send a telegram to London the other day, and in a few minutes received a reply, which led me to suppose that a serious error had been committed by my agents, involving many thousand pounds.

I immediately went to the telegraph office, and asked to see my message. The clerk said, "We can't show it to you, as we have sent it to London." "But," I replied, "you must have my original paper here; I wish to see that. He again said, "No, we have not got it; it is in the postoffice at London." "What do you mean?" I asked. "Pray let me see the paper I left here half an hour ago." "Well," said he, "if you must see it, we will get it back in a few minutes, but it is now in London." He rang a bell, and in five minutes or so, produced my message rolled up in pasteboard.

It seems that for some months there has existed a pneumatic telegraph between London and other principal cities of the Kingdom which consists of an iron tube, into which the messages are thrown and sent to their destination. I inquired if I might see a message sent. "Oh, yes, come round here." He slipped a number of messages into the pasteboard scroll, popped it into the tube and made a signal. I put my ear to the tube and heard a slight rumbling noise for seventeen seconds, when a bell rang beside me, indicating that the scroll had arrived at the General Postoffice, four hundred miles off! It almost took my breath away to think of it. If I could only go to Boston with the same relative speed, you might count on my passing an evening every week at No. 124 Beacon street, and returning home to sleep. Who knows but we may be conveyed in this marvellous manner before many years.

Perhaps you are aware that there has been a large tube between the General Postoffice in London and the stations in Euston square, in operation for a number of years. The mail bags for the north are all sent by this conveyance, so that the postoffice receives letters up to a few moments before the train leaves, three miles off. The transit takes less than two seconds! Surely this is an age of wonders—*Boston Transcript.*

WALTHAM

WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which several testing by the most skilful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pin on of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mentioned improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

FORCING THE ISSUE.

Messrs. Rogers and Gilliam having agreed to address the people of Orange at Durhams, on the 16th of July. Dad's impudent son, Joe, extends the invitation to James Harris, the colored candidate for Congress, to reply to them, and says, if they do not allow James to do so, a Republican meeting will be called at the same place on the same day, when James can be heard in self defence.

We passed Durhams on Saturday last and endeavored to have the day for the Conservative meeting changed. It will be seen from a note published elsewhere, that the people of Durhams decline to change the day of their meeting, so Joe and James must go to Durhams and make up the contest if they can.

But Joseph should beware how he forces this issue upon the people of Orange. A member of the Governor's secret society, one Rev. Corley attempted to force this issue at Hawfields Church, by taking a negro woman to a front seat before the pulpit and seating her with his wife and other white persons. An elder of the Church showed the colored sister to a seat for colored people. The Rev. Corley became indignant, and talked in a way to stir the blood of the colored people against the whites. Soon after this he was taken to the woods and whipped in a most unmerciful manner.

This negro equality must come upon us gradually.

The public mind of Pasquotank county is greatly excited, at this time, by the effort of the Pools and Cobbs to force a carpet-bag negro, by the name of Cordoza, on the people of that county as Sheriff.—Cordoza is a stranger from Pennsylvania.—He attempted recently to force himself and wife into the ladies' saloon on a steamer running between Elizabeth City and Norfolk.

The captain would not put on steam while Cordoza remained in the ladies' cabin, and finally tied up his boat to the wharf and remained till next day.

Cordoza has brought suit against the steamboat Company because he was not allowed a seat with the white ladies.

Take Dr. Grissom's case. He would not allow the negro, Howe, to eat at his table. What if the Governor's son had made an effort to force him to a seat at the Doctor's table? We have no doubt the Doctor would have met Joseph with the carving knife.

Now we hold that Joseph has as much right to force a negro to a seat at the Doctor's table as he has to force negro eloquence and oratory on the people of Orange when they propose to hold a meeting and ask their candidates to address them.

We call for moderation on the negro question. Let Dr. Grissom eat at the same table with a negro, when he gets ready, but don't force him to do so until he does get ready.

Let the people of Orange invite a negro to speak to them when they wish to hear him, but don't bullyingly threaten, if they refuse, to call a meeting on the same day, at the same place, to force them to hear him.

We advise James not to allow Joseph to force such unnecessary issues upon him, for no good can come of it.

"Let us have peace."

CAPT. J. DAVIS.

The Governor's drunken son, Joe, has an abusive article or two in the Governor's organ, assailing the character of Capt. Davis, charging him with perjury, breaking his parole, &c. &c.

There is no purer man in the State than Capt. Joe Davis, and none but blackguards and men of bad character would assail him.

The Governor's organ will make about as much by assailing Mr. Davis, as it did by its indiscriminate assault upon the ladies of North Carolina, and publishing them to the world as prostitutes, without making even a single exception.

We have never attempted to defend the ladies of North Carolina against the malignity of the *Standard*, nor shall we, at present, attempt to defend Captain Davis. The purity of the man assailed, and the infamy of the sheet assailing, make it unnecessary.

DURHAMS, June 27, 1870.

Ed. Sentinel: SIR—On consideration, we decline changing the time of our meeting here, as you suggested.

If Mr. Joseph Holden and his negro candidate, James Harris, undertake to disturb the quiet of our meeting, we shall have them arrested and dealt with according to law. MANY CITIZENS.

For the Sentinel.

RALEIGH, June 28, 1870.

MR. EDITOR:—Are you aware of the fact that Governor Holden's detectives are constant visitors at your office? You may rely upon it that it is so, and the purpose of this note is to apprise you of it.

A FRIEND.

We received the above note this morning, and really the suggestion struck us as something new. While it is very immaterial to us whether they visit us or not, yet if one of them should drop in, and we were sure of the fact he might *detect* the movement of a boot that would prove unpleasant to him personally.

GOV. HOLDEN'S PROCLAMATION.

LINCOLNTON, N. C., June 15, 1870.

Editor Southern Home:

DEAR SIR:—I write to correct two of the *whereases* in Gov. Holden's Proclamation.

It is not true that a woman was ravished in Lincoln county by fifteen men.—There is not the shadow of foundation for it; not even a rumor.

It is not true that a colored man was tied to a tree and his wife ravished. I enquired to day of a prominent Republican and two respectable colored men, who say that they have not even heard a rumor of such things. I am at a loss to know who has imposed on Governor Holden's credulity.

The other charge as to a negro being shot is true. He was met in the road late at night, by unknown parties, who told him to halt; instead of doing so, he ran and they fired at him with a pistol, inflicting a wound on his leg. The negro says he knows the parties, but refuses to tell who they are.

Please publish this and correct these impositions, which have been made by designing men, on Gov. Holden.

Very truly, D. SCHENCK

—*Southern Home.*

Joe Parrott, a friend of Governor Holden and the notorious league, horse thief and murderer, of Lenoir, was arrested on Thursday last in Greene county charged with stealing a horse from John Grant, colored.

Parrott is the same individual who was indicted at the last term of the Greene Superior Court, for the murder of Jim Grant, a brother of John, and was pardoned by order of his friend and brother leaguer, W. W. Holden.

If Parrott should be found guilty of this charge, the Governor will no doubt again protect him.

GRANVILLE COUNTY CONVENTION.

At a called Convention of the people of Granville, of all shades of previous politics, now opposed to the Radical party, held in the town of Oxford, on Saturday, 25th June, Matt R. Cannady, Esq., was called to the chair and W. M. Sneed, Jr., and Cicero W. Harris, Esqs., were requested to act as Secretaries.

On taking the chair Mr. Cannady explained the object of the Convention to be to nominate suitable candidates for the Legislature and for county offices, and to determine the platform upon which they should run.

On motion, it was decided that the nominations should be suggested by a Committee of five, appointed by the various township delegations. The Convention then took a recess while the townships were designating the Committee. On re-convening the Secretary read the names of the Committeemen, who, on motion, retired into the Grand Jury room. During their retiracy the following gentlemen being called upon addressed the Convention: Dr. S. A. Williams, Col. J. S. Amis, Col. L. C. Edwards and Cicero W. Harris.

On motion of Dr. Williams, a Committee of seven was appointed by the Chairman to draft resolutions.

The Committee on nominations reported the following gentlemen as having received the unanimous support of the Committee:

For the Senate—Col. L. C. Edwards.

For the House of Representatives—Dr. William Greene, Jno. W. Stovall, W. H. P. Jenkins.

For Sheriff—W. A. Philpott.

For County Commissioners—John W. Hays, Geo. W. Watkins, John H. Webb, David T. Barker, Thos. L. Williams.

For County Treasurer—Dr. Z. M. Paschall.

For Register of Deeds—L. A. Paschall.

For Surveyor—Jno. B. Greene.

For Coroner—Jno. Reed.

The report of the Committee, as a whole, was almost unanimously adopted, when, being called upon, the several nominees responded, accepting the nominations, and returning thanks for the honor conferred.

The Committee on resolutions then reported the annexed resolutions as expressive of the sense of the Convention, which were adopted:

Resolved by the Democrats and Conservatives of Granville in Convention assembled, That we do cordially sanction the Address to the people of North Carolina put forth in March last by the Democratic and Conservative members of the General Assembly.

2nd. That the right of our colored population to vote and hold office is settled by the Constitution of this State as well as by that of the United States. We accept, in good faith, their status as determined, and regard it as a final settlement of the matter.

3rd. That we denounce crime wherever and by whomsoever perpetrated, and especially all associations, whether private or public, for the violation of law; and pledge ourselves to render all the assistance in our power to the civil authorities, to bring the guilty to condign punishment.

4th. That the last General Assembly in its prodigal waste of the public money basely betrayed the interests of North Carolina, and deserves the reprobation and scorn of an outraged and indignant people.

5th. That we receive with pleasure and pride the cordial greeting of our friends in Person county so graciously and cheerfully extended to us a few weeks since, and say to them in return that we will exert every faculty and strain every nerve in behalf of the candidate whom they may nominate to represent their gallant county (the Harry Percy of the State) in the Senate of the next General Assembly, *and what we promise we will perform.*

6th. That we will give to each and every nominee of this convention our hearty support.

These additional resolutions were appended at the suggestion of Col. Amis:

That we heartily indorse the nomination for Attorney General of the State of Hon. W. M. Shipp as one eminently fit to be made.

That we congratulate the people of this Congressional District on the harmony which characterised the proceedings of the Convention to nominate candidates for Congress and the wisdom which directed their choice of candidates, and we pledge ourselves to do what we can to secure their election.

Col. T. B. Venable addressed the Convention particularly insisting upon harmony and determination.

After the conclusion of which a resolution of thanks to the Chairman and Secretaries was adopted. The proceedings of this meeting were ordered to be forwarded to the Raleigh SENTINEL and such other neighboring papers as are friendly to the cause with a request for publication.

Jack Allen, a sensible colored Conservative made some remarks expressive of his position and of his surprise that his colored friends should be so foolish as to remain in the Radical party.

The Convention then on motion adjourned.

BURKE COUNTY, N. C., June 23, 1870.

At a meeting of the citizens of Silver Creek township, held to-day at Andrew Epley, Mr. John Morrison was called to the chair and Mr. Harvey Fisher requested to act as Secretary.

At the request of the Chairman the object of the meeting was explained by Capt. J. C. Wills, to be the appointment of delegates to represent the township in the Convention to be held at Morganton on Saturday, the 25th inst., for the purpose of nominating candidates to represent us in the next Legislature, and for all county offices.

The chair then proceeded to appoint a Committee of four to draft resolutions, expressive of the sense of the meeting.

The Committee consisted of the following gentlemen: Mr. Peter Epley, Mr. Jeremiah Simpson, Mr. John Michal and Capt. J. C. Wills.

The following resolutions were reported and unanimously adopted:

Resolved, 1st. That we unqualifiedly condemn the action of the last Legislature in its extravagant waste and mal-appropriation of the people's money.

2nd. That we disapprove of the abolishing our county courts, and instituting instead thereof, Township Courts.

3rd. That we characterize the action of the last Legislature, in seizing upon, and appropriating to its own use as individuals, the fund we had deposited, in the Treasury for the purpose of educating our children, as neither more, nor less, than highway robbery.

4th. That the Republican party, having control of all the offices in the State, and an absolute majority in both branches of the Legislature, is entitled to credit, for all the good, and responsible for all the evil, that is shown to result from the radical change in our laws, and the administration of them.

5th. That we have no doubt but that a free and fair expression of public opinion, will result in electing men to the next Legislature, that will not go to Raleigh, predetermined to enrich themselves, by any and all means, at our expense.

6th. That the civil and political equality of the races, being established, both by the constitution of the State, and of the United States is no longer a political issue; and that the interests of the whites and blacks being necessarily identical, we can see no sound reason for their differing politically, except as individuals.

7th. That it is a most deplorable feature of the times, that crimes and outrages should be made use of for partizan purposes, that a court of law is the proper tribunal for dealing with offenders, and that with good citizens, the politics of the criminal will neither increase nor lessen their abhorence of crime.

8th. That a copy of the proceedings of this meeting, be sent to the Raleigh SENTINEL, with a request to publish them.

The Chair then appointed as delegates, Peter Epley, Westley Hank, Harvey Fisher and Mr. Robt. McElrath.

On motion, the meeting adjourned.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most cases, considerably lower than those of the leading Mutual Cash Companies.

The Excelsior issues Policies on the plan of Mutual or Stock Companies, extending to policy holders all it formally deals the advantages. Its policies being non-forfeiting, the insured are privileged to *live and travel where they please* in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premiums, a cash surrender value of policy, and a privilege which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

☞ Hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates* alone, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies in this State who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines all the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue, because of the death of those, for whose benefit the policy was secured, falls on *Assembly Road* which provides an income to wife, *through life, or for a series of years as preferred.*

Circulars giving full explanations and any other information, will be cheerfully furnished

The most liberal arrangements, will be made with first class solicitors, to push the EXCELSIOR forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

SPEAKING AT DURHAMS.

We are requested to announce that Hons. S. H. Rogers and R. B. Gilliam, the Conservative candidates for Congress for this District, will address the citizens of Orange, at Durhams, on Saturday the 16th of July next. Everybody is invited to attend.

NEW ADS.—Read the new advertisements.

A GOOD DINNER, is a very good thing. Our landlady gave us one of them to day, and the consequence is we feel a little sluggish this afternoon and not much fit to write locals. But to the dinner; it might not be considered extraordinary by those who "fare sumptuously every day," but we enjoyed it, because, in addition to the every day fare of bread and meat, our landlady gave us cabbage, potatoes, cucumbers, squash, beets, *green corn* and *tomatoes*, all from her own garden. We are inclined to feel pity for those poor editors and locals whose landladies can't afford them green corn and tomatoes in June.

POLITICAL FREEDOM.—Alfred B. Williams, who has seen fit to exercise his right and judgment, as a *free* man, in political matters, has already become the object of threats, and even of attempted blows.

Yesterday afternoon, at a meeting at the Sheriff's office, of the county candidates to arrange for the canvass, &c., he asked that he might have time allotted at the public gatherings to address the colored people. James Harris, the colored candidate for Congress, became very sarcastic towards him, and told him he "ought to be hung!" and last night as he was going home after dark, he was set upon by some parties with stones, and forced to return into the city and seek refuge with his former master, Dr. Hogg, where he remained all night.

And all this is done within sight of the fires of the furnace which *forges* proclamations against Ku Kluxing people for their political opinions!

The rule seems to be that colored men are *free* to vote as their *leaders* please, but it is death if they attempt to vote as pleases themselves.

CAUTION.—Mr. James H. West, a crippled man of this city, has written us a request to caution the public against harboring, feeding, or crediting, on his account, his daughter, Rebecca West, as she has quit her father and mother and is strolling up and down the city. We consequently publish this paragraph, and will guarantee that, hereafter, no one will credit her on his account, and we think everybody would do well to quit harboring and feeding her, and let her come home and help her poor old farther and mother, the former of whom has not walked a step in twenty eight years.

A Broadside for Humbugs.

Incompetence and assurance generally go hand in hand, and of all the tribe of pretentious know-nothings with which society is afflicted, the unscientific "medicine men" who attempt to tamper with the health of the community are the most dangerous and the most impudent.

So much by way of Text. Now for a special and particular application.

It appears that a mushroom growth of so called "Bitters" is springing up under different names in various localities, particularly in the Southern and Western States, which the venders have the hardihood to recommend to easy-going people upon whom they think they can impose, as a substitute for Hostetter's Stomach Bitters, long recognized by every class as the purest and best medicated stimulant and invigorant the world affords.

The concoctions referred to being composed of worthless material, offer a larger margin for profit than that Celebrated Tonic, and hence the anxiety of dollar worshipping dealers to foist them upon the public in its place.

But "forewarned is forearmed," and all parties whose these distinguished (!) brings are endeavoring to coax and inveigle into substituting trash for a standard remedy, are hereby informed of the selfish and sordid motives which underlie the representations in question.

The great popularity and vast sales of Hostetter's Bitters cannot, of course, be seriously impaired by these "tricks of trade," but as the debilitated and suffering have a direct interest in the matter, it is only an act of common humanity to put them on their guard.

COMPARATIVE COST OF LIFE INSURANCE as exhibited by an insurance in the Widows' and Orphans' Benefit Life Insurance Company of New York, under their system of Tontine Dividends, and an insurance in *any other Company*, under the system of annual dividends. For illustration, suppose a person aged 37 years, insures in a company charging on a *non mutual* payment policy of $10,000, an annual premium of $250.70,

He would pay in 10 years,	$2,507 00
Less an average dividend of 40 years,	2,141 80
Making the nett cost of his insurance in 10 years,	$365 20
In the Widows' and Orphans' Benefit Life Insurance Company, his annual premium would be $549 10, and in 10 years he would pay	$5491 00
Less Tontine Dividend in cash, at end of 10th year,	5,291.00
Making the *nett cost*, in W. & O. Life Insurance Co., in 10 years,	$199.20

Giving a clear saving in 10 years of $3,914 91, by insuring on the Tontine plan.

This plan of insurance is fully endorsed and recommended as better to the assured, and giving greater *security* to the *Company* and *policy-holder*, by the Hon. Wm. Barnes late Supt. of the Insurance department of the State of New York, and by the leading Financiers of New York, as well as by all competent insurance actuaries in the United States. For pamphlets and *reliable* information apply to MARTIN & FINCH, General Agents of the Company for North Carolina, Express building, Raleigh, N. C.

A USEFUL ARTICLE.—A lady sends us the following, which we insert with pleasure, because in the first place, we like to accommodate the ladies, and in the second place, we are not averse to saying a good word for our friend, mentioned in the note, when a proper opportunity presents:

MR. EDITOR:—Let me, through the columns of the SENTINEL, advise all who intend to put up canned fruit, to go to Mr. Julius Lewis' and see, and then buy, a Payne's Preserver.

With a peck of charcoal in a preserving furnace, a lady can put up four cans in fifteen minutes—no dirt—no flies—no trouble; stirring and ladling the fruit from kittle to can.

If Mr. Lewis goes on introducing his labor saving machines, house-keeping will soon be a science, and we shall cease to look forward to "preserving time" with dread.

FRIENDS OF TEMPERANCE.—At a regular meeting of Oak City Council, held last evening, the following officers were elected for the ensuing quarter:

N. B. Broughton, President.
Theo. N. Ramsay, Ex. President.
Virginius Ballard, Associate.
Wm. B. Hutchings, Chaplain.
Wm. M. Utley, Rec'g. Sec.
Benj. F. King, Fin'l. Sec.
J. M. Broughton, Treasurer.
Z. T. Broughton, Conductor.
W. N. Jones, Ass't. Con.
R. H. Whitaker, Inside Sentinel.
Theo. H. Hill, Outside Sentinel.
W. J. Edwards, Standard Bearer.

The installation of the officers will take place next Tuesday night, at their Hall, instead of Monday night. The change is made on account of the day, it being the 4th, the ceremonies of the day might interfere with the ceremonies of the installation.

PARSON SINCLAIR.—A friend writing from Lumberton, says, "Sinclair lives here. There is scarcely a respectable man in Lumton will speak to him. He had a fight here yesterday with an old man, nearly seventy years old, who was drunk, and came very near killing him. Sinclair immediately made for his buggy and went home."

From this extract it will be seen that he keeps up his title of "the fighting parson." But it must have been a severe test to his courage to have undertaken a man seventy years old and "dangerously drunk," at that.

MAKING PREPARATIONS.—For the last two days a team has been employed hauling and piling up sand preparatory to beginning work on the new Engine House for the Rescue Fire Company. Some of the timbers have also been brought to the place.

We understand the corner stone will be laid before long, in proper form by the Masonic Fraternity, and that the building will be pushed to completion with all diligence.

It will be 25 by 30 feet, and contain a room for the Engine and one for the meetings of the company.

TRIBUTE OF RESPECT.—The offices of the State Department were closed in this city to day, and the Capitol bell tolled, in respect to the memory of Col. David Heaton, M. C., whose remains were buried to-day in Newbern.

For the Sentinel.

MR. EDITOR:—Please announce me as a candidate for a seat in the State Senate from Orange county, subject to the action of the Executive Committee, should they think proper to make another nomination.

W. W. GUESS.

W. E. Lawrence, Esq., has been nominated by the Conservatives of Catawba county for the House of Representatives.

Coughs.—As a Soothing Pectoral, BROWN'S BRONCHIAL TROCHES are advantageously employed to alleviate Coughs, Sore Throat, Hoarseness and Bronchial affections. Those exposed to sudden changes of weather should have them, as they can be carried in the pocket and taken as occasion requires upon the first appearance of a Cold or Cough.

Monday Night Dispatches.

WASHINGTON.

WASHINGTON, June 27.—Revenue to-day $1,250 000.

The President withdrew Cornell's nomination as assistant Treasurer.

An official statement asserts that the equalizing bill which recently passed the House, involves 101,000 000.

The *Star* says the amount of gold saved as interest, which will be sold by the Government next month, will reach near $2,000 000. There is excitement on the regular monthly sales of Secretary Boutwell.

Wm A Richardson will relieve Boutwell during the summer trips.

Richardson has resigned, but his resignation will not be accepted pending the summer operations of Boutwell.

The *Star* also contains this unpleasant statement: "It is understood that orders will be issued authorizing the assignment of white recruits in the 9th and 10th regiments of cavalry now composed of colored troops. The object of this is to keep their figments up to the numerical standard in view of the constant demands upon this arm of the service. It is only with great difficulty that colored recruits are obtained.

The Executive has sent a message of condolence through Motley to the British Government on the death of Clarendon.

HOUSE.—The House is engaged on appropriations, mostly affecting the District. The currency Conference Committee reported substantially as stated in Saturday's dispatches.

SENATE.—The question of servile, otherwise Chinese labor, was made special order for Friday.

The Secretary of the Treasury was requested to communicate information regarding captured and abandoned property.

The tea bill was resumed. An amendment taxing salaries was adopted. A motion to continue the present sugar tariff and tax on gross sales was defeated. Without definite action on the bill the House adjourned.

FOREIGN.

The Methodist Church in Charlotte has a new bell.

The massacre of Canines took place in Goldsboro on Friday night.

Hope we shall have the pleasure of reporting a similar occurrence in this city, shortly.

It is reported that some northern capitalists intend inaugurating water works in the city of Wilmington.

On Saturday, a white man, apparently a sailor, was found lying dead on the Little Bridge Road, near Wilmington.

General Jos. E. Johnston passed through Wilmington on Saturday morning, *en route* to the Virginia Springs.

The remains of Col. David Heaton, late member of Congress from the 2nd district of this State, will be interred in Newbern to-day.

The following is the card of Hon. Z B. Vance, declining to become a candidate for the Senate from Mecklenburg county:

TO THE CITIZENS OF MECKLENBURG COUNTY.

When the convention of the Conservative party met on the 23d ult., to nominate a county ticket, I instructed two gentlemen who were delegates, to inform the convention that I did not desire and could not accept the nomination for the Senate, with which my name had been connected for sometime previous. This I learn was done; but, nevertheless, I was nominated. When the committee waited upon me to inform me of the action of the convention, I expressed again my disinclination to accept, and begged the committee to allow me time for consideration.

Aside from the urgent demands of private business, there was a question as to my eligibility under the 14th amendment to the Constitution of the United States. After thorough examination and consultation with some of the most eminent legal minds in the State, I became satisfied that I was not ineligible to a seat in the Legislature. But inasmuch as that body had placed a different construction upon that article, and if elected my right to a seat would be made a matter of contest and wrangling, I have concluded that the public good requires that such a conflict should be avoided. It would be infinitely better that there should be no obstacle whatever to the prompt seating of all our representatives elect, so that, should we have a majority, they might proceed at once to the great work of redeeming our people from the corruption and misrule under which they suffer.

These considerations, in my opinion, demand the subordination of all other and minor objects; and in declining to accept the nomination so kindly and flatteringly tendered me, I feel that I am performing a duty and promoting the real interests of our people. Where there are so many competent and upright citizens, whose eligibility is not disputed, you can have no trouble in securing a candidate.

Regretting greatly that I do not feel at liberty, under all the circumstances to accept the nomination at your hands, and thanking you most sincerely for the confidence reposed in me, I am fellow-citizens,

Your obliged and obedient servant,
Z B VANCE.

Charlotte, June 23th.

THE EQUITABLE
HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sum assured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1860 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends, at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work.

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch, or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1865.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe* and *brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

ROCKBRIDGE ALUM SPRINGS, VA.

Open May 15th, 1870.

THIS FAVORITE AND CELEBRATED Watering Place is now in complete order for the reception of guests. Important improvements have been added to the buildings since the establishment passed into the hands of the present proprietor, and it is his purpose to keep it in a style not surpassed anywhere in Virginia. The waters of these special springs either cure or greatly relieve most cases of Scrofula, Incipient Consumption, Chronic Bronchitis, Chronic Laryngitis, Chronic Pneumonia, Chronic Dyspepsia, Chronic Diarrhœa, painters, &c. They are also a great value in those affections which are peculiar to the female constitution, and as an appetizer, a tonic and general restorative, they are, perhaps, unrivalled amongst mineral waters. The proprietor will have provided for the lawns and ballroom a first-class band of music, and in general all the sources of amusement and recreation usually found at our best summer resorts will be at the command of the guests at "ROCKBRIDGE ALUM." The place is within eleven to thirteen hours of Richmond, Washington, Baltimore, &c., by rail, all in daylight. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot, and new and elegant stage coaches, passing rapidly over a smooth and level road of only eight miles, set down the visitors at the Springs to tea.

PATENT GLASS SUBMERGED

DOUBLE-ACTING FORCE PUMP.

SUBSTITUTE FOR A FIRE ENGINE.

THIS Pump will pump 30 gallons of water per minute, will never cut out the packing, has no friction, no water ever stands in its pipes to freeze, and is less liable to get out of order than any other pump now used. It can be set up in a short time by any ordinary mechanic.

The No. 3 pump for yard wells will be sold at from $20 to $30, capable of throwing 30 gallons of water per minute. The price of No. 2 for railroad stations, throwing 60 gallons per minute, will be given upon application.

Having the exclusive right to this pump for the states of North and South Carolina, and having established a factory for the manufacture of them at Wilson, N. C., I will receive orders for them at Wilson, and will ship them by Express C. O. D., or, if the money is sent me, by the regular freight. The number of feet in the depth of the well must be given in all cases.

MR. J. L. KITCHIN:

DEAR SIR.—We certify that the "Balding Pumps" put up by you in the town of Scotland Neck are a perfect success. They pump very rapidly, and by attaching hose, will throw water from 40 to 60 feet and would prove invaluable in case of fire.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment*, economy of management, and skill and care in the selection of risks,—upon which elements of administration the security of a Life Insurance Corporation *depends*.

The laws of New York *compel* Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important SAFEGUARD. It will be found in the BROOKLYN LIFE.

Gen'l. S. B. BUCKNER, Manager Southern Dep't.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
